SketchUp Pro K-12 Statewide License Grant Program
- License Code(s) for South Dakota

Your current license codes, good for use in all public K-12 schools within your region are listed below.

- Here's a rundown of how our grant licensing works and what information you will need to know:

- **To determine which version of SketchUp Pro a school should use, please visit; SketchUp Hardware & Software Requirements**
  - **Make sure you have downloaded the corresponding version of SketchUp Pro here.**
  - **You can use the below table as a 'quick guide' to help determine the proper version of SketchUp to Download.**

SketchUp Pro 2016	SketchUp Pro 2017	SketchUp Pro 2018
Windows OS 7+, 8+, 10	Windows OS 7+, 8+, 10	Windows OS 7+, 8+, 10 (64 bit)
Mac OS X 10.9 and above	Mac OS X 10.10 and above	Mac OS X 10.11 and above
Open Gl 2.0	Open GL 3.0	Open GL 3.0

- **Your SketchUp Pro license is platform agnostic, which means the license codes will work on both Mac or Windows machines.**
- **A Single license code for each corresponding version of SketchUp Pro is provided for use on all school computers within your locality - the same code can be used for individual teacher computers, school lab computers, or school laptops.**
- **Each time a license is applied to a computer, that computer is node-locked with one license activation from the total pool of license activations (we have provided your state with plenty of activations).**
- **Computer Tech Administrators: To authorize multiple computers at once, this is your imaging workflow: Review the steps in this Knowledge Center article to see how to use the "activation_info.txt" file. Go to the section titled, Authorizing SketchUp on a Network as an Administrator.**
- **Computers need to be connected to the public Internet when authorizing SketchUp Pro in order to download the license file. The license doesn't require connectivity to the Internet after SketchUp Pro has been successfully authorized.**
- **SketchUp Pro can be installed using the traditional installers (*.exe, *.dmg). For Microsoft Windows, we also offer an MSI.**
- **Your schools are welcome to use any of the aforementioned versions of SketchUp as long as those licenses have not yet expired.**
- **Please refer to our SketchUp website and Knowledge Center for download and install instructions, training materials, getting started guides, video tutorials, and more.**
- **Please be sure to keep these codes within your State Department of Education. They are not to be shared with schools of higher education, facilities personnel, or other government departments/officials/staff/parents.**

- **Please do not post the license code on any publicly accessible site. Schools should request the license code by requesting it from the state/ regional grant contact.**
- **Grant Licenses cannot be used for commercial (for-profit) work of any kind.**
- **State or regional contacts (The local authority that administers the grant license) should not hesitate to contact us with questions. For educators with questions, it is best to send them to our Knowledge Center.**
- **These licenses are provided free of charge by Trimble Inc. You are NOT PERMITTED to charge any fee whatsoever to any school/district/educator receiving them.**

Your SketchUp Pro license details:

SketchUp Pro 2016

User name: SOUTH DAKOTA DEPARTMENT OF EDUCATION
Company/organization: SOUTH DAKOTA DEPARTMENT OF EDUCATION

Company/organization: SOUTH DAKOTA DEPARTMENT OF EDUCATION
Serial number: TH-00274694-ALR
Authorization Code: aad799f52d99a5

Expiration: 11/20/2020

* Each version of SketchUp Pro has a unique license that cannot be used with different versions of SketchUp Pro. For example; SketchUp Pro 2015 licenses begin with the prefix "QH" whereas all SketchUp Pro 2016 licenses begin with the prefix "RH".

Special note regarding private schools: We don't issue license grants to individual or private schools. We do, however, offer highly discounted SketchUp Pro EDU licenses to schools, for as little as $15 per seat, per year. Please see our licensing information page, with links to our network of resellers who can fulfill your request. All schools are also permitted to download and use our free product, SketchUp Make.

Happy Sketching!
